Permanent Select Committee on Intelligence
House of Representatives

Dear Mike:

Enclosed are some papers you may find of use in your study of sources and methods legislation. There are copies and summaries of relevant bills and laws, as well as two items--section 1525 from S. 1437 and H.R. 12885--that may be of interest in looking at this problem from the standpoint of legislation that would, for example, provide administrative sanctions for certain activity, or protect certain classes of information given the Government under a condition of confidentiality.

Please give us a call when you would like to talk further; we can arrange a discussion on this matter with ourselves and Tony Lapham.

Sincerely,

SIGNED

John:

To follow-up our discussions last week concerning the Civil Service Reform legislation, I am attaching a copy of a letter and suggested report language for provisions in the legislation that I have sent to Paul Rosenthal on the Majority Staff. Any thoughts you might have would be appreciated. Let's keep in touch on this matter.
